MAGAZINE

C O V E R

BUSINESS MAGAZINE

Before mentioning the list of upcoming events, the biggest events that took place through GCC and its partners in various countries where each participating country/business owner showed the best of its products and services.

www.globalceosclub.com

GCC PORTAL

The club website offers the business community to sell or seek trade all over the world conveniently by displaying the products, sharing the product requirements and other mega business proposals.

WE HELP YOU GROW YOUR BUSINESS BY PROVIDING A DIVERSIFIED INDUSTRIAL HUB WHERE BUSINESS EXPANSION IS JUST ONE CLICK AWAY

GCC provides an opportunity to meet new business partners and make new contacts. Events are in different recurring intervals where new products and services along with new ideas are presented. By attending trade fairs, you can not only get a quick overview of how you can internationalize your product/Service but also find out what other businesses are doing that could be of interest to you. With this Platform, GCC offers a fast and detailed way to search for upcoming international events by name, venue, date, industry and services. In addition, we provide the booking of exhibition hotels and information on a wide range of attractions in many major international exhibition cities.

Archive 2023**• UAE 01 October 2022**

The fabulous investment event organized by club USA partner (Capital Investment

Holding Group-USA) and its participants were the royal families of Gulf Countries

**• US-African Biz Investment Event in USA December 16, 2022**

The business growth event was organized by club USA partner in USA.

Mostly the business delegations and US Govt Officials were its participants and a lot of collaborations were done through the event as well as investment proposals were discussed.

• European-African Investment International Conferences (March 2023)

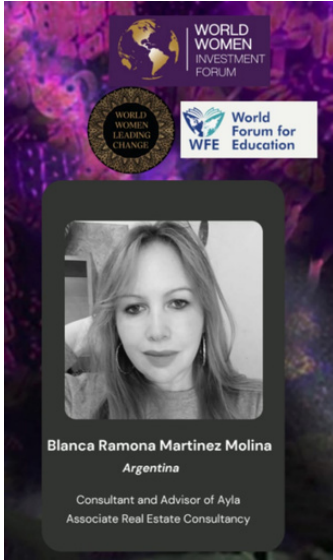

Two more events are executed but in the phase of sharing at the club portal of its videos and pictures and need to added in the upcoming E-Magazine of the club.

Upcoming Events

Details

Dear Partners,
We are offering this opportunity due to the high demand towards actual refugee situation and the expected increase of their numbers in the next winter months, please find attached a offer for a modular container building.
This facility has been dismantled, transported and secured in Poland. Attached some pictures and the drawing of the building. I could send you, on Skype or WhatsApp some videos too (because of the large volume of the data).
We can calculate the cost in order to offer to transportation any place designated by the customer.
Replacement Value Today: € 4.380'000.-
Our price offer is: € 3.620'000.- For the complete 42 container building.
It was a kindergarten (ca. 63 m x 12 m = 756 m2). The bedrooms can be done without any problem. 42 containers, 3 people in one. The facility was built in 2012. Door windows like here. It can be set up for anything possible.

- SAP
- Data Science And Analytics
- Internet of Things (IoT)
- Full Stack Development

1. **Network management:** Network management involves monitoring and maintaining a company's computer network to ensure it is running smoothly and securely. This can include tasks such as configuring routers and switches, troubleshooting connectivity issues, and managing network security.
2. **Software development:** Custom software development is essential for businesses looking to build unique solutions that address specific challenges. Whether it's developing a new mobile app or a complex enterprise application, professional software development services can help companies create software that meets their unique needs.
3. **Cloud computing:** With the rise of cloud computing, businesses are increasingly turning to cloud-based solutions for their IT needs. From hosting websites and applications to storing data and backups, cloud computing offers a range of benefits, including scalability, flexibility, and cost savings.
4. **Cybersecurity:** Cybersecurity is a critical aspect of any business's IT services. With cyber threats becoming increasingly sophisticated, it's essential to have robust security measures in place to protect against data breaches, hacking, and other cyber attacks.
5. **IT consulting:** IT consulting services can help businesses develop and implement IT strategies that align with their goals and objectives. From identifying areas for improvement to recommending technology solutions, IT consulting can be a valuable resource for businesses of all sizes.
